#### Preface

Subscribers to this work will be pleased, I am sure, to note the additions which have been made this year. The listing of a good Bank in each County, it seems to me, ought to be of considerable value. As most transactions pertaining to real estate which are closed through banks, are handled at county seat towns, patrons of this directory will, as a general rule, find this all that is desired in the way of a Bank Directory, and will thus be saved the cost of a high-priced publication. The Banks listed herein, while not in every case those of the largest capitalization to be found, are prominent institutions, having special facilities for handling collections and other non-resident business. Many of them are U. S. Depositories, all have large deposits and are very popular locally.

As in former editions, the most careful means have been employed in the selection of representatives in the other lines of business also. While it is not expected that I can become personally acquainted with all these parties or with their financial standing, the method of obtaining their names is such that I do not hestitate to assert that this is as reliable a list, considering the territory covered, as is possible to produce. Letters are sent to local bankers in the form as given below, and they, knowing the reputation, habits, financial standing and ability of these parties, make the selection for me, and on the postal card sent them for the purpose, they recommend them in very strong terms. In a few counties where there are no banks or where the one written to failed to reply promptly, the recommendations were made by some other prominent business man or county officer and their honesty and integrity vouched for.

#### (Form of letter sent to Bankers.)

Will you be kind enough to give me, on the enclosed postal card in the following order:
The name of one of the most reliable and re-

sponsible abstracters,
One of the best and most reliable real estate

agents, and

A first-class real estate lawyer in your town.

If you will kindly select for me such men as you can recommend in these lines as being responsible, and who, in your judgment, would faithfully attend to any matters pertaining to real estate which might be entrusted to them. I will consider it quite an accommodation. Kindly answer promptly and give me, if possible, the names of three different men.

Yours truly,

The Special List of Abstracters approved by the Union Central Life Insurance Co. is also a new feature. It is needless for me to point out the advantage of this to Financial Correspondents of this company, or their sub-agents, or to describe the method of investigation employed before the names are placed on this company's approved list. Suffice it to say, that their requirements, as is the case with all large life insurance companies, are very rigid and to be classed as one of their approved abstracters is a strong recommendation in itself.

The matter which this publication now contains, if printed in larger type, on pulp paper, and spaced as some real estate directories are, is sufficient to make a very large volume. Believing that a bulky affair of this kind is in no way desirable, I have made this of a size to easily slip into a pigeon hole of a desk, where it is at all times available for ready reference.

Inasmuch as the revision has been so thorough and complete and we are now so far along in 1907, it is deemed that no further issues of this book will be necessary until January, 1909. In the meantime I hope all the reliable men whose names follow may enjoy the prosperity which they justly deserve and be able to give "Montgomery's" some credit for aiding in the cause.

G. B. MONTGOMERY, Editor.

#### Taxes.

Property is assessed for taxes between the first Monday of March and July of each year to the persons owning it at noon on the first Monday in March. It is required to be assessed at its full cash value, but as a matter of practice the valuation is usually less. All taxes become a lien on the first Monday in March. Taxes on all personal property not secured by real property become due and payable immediately upon assessment. Taxes on all personal immediately upon assessment. Taxes on all personal property secured by real property and one-half of the taxes on real property are due and payable on the first Monday in October, and become delinquent on the last Monday in November at 6 o'clock p. m.; and if not then paid 15 per cent is added to the amount thereof. And if said one-half be not paid before the last Monday in April next, at 6 o'clock p. m., an additional 5 per cent is added. The remaining one-half of the taxes on all real property is payable on the first Monday in January next, and delinquent on the last Monday in April at 6 o'clock p. m.; and if not then paid 5 per cent is added. All taxes may be paid at the time the first installment is due and payable. All taxes are payable to the tax collector at his office. his office.

The taxes may be paid upon each particular lot assessed.

On or before June 5th of each year the tax collector must publish the delinquent list, which must contain the names of the persons, and description of the pro-perty delinquent, and the amount of taxes, penalties

perty delinquent, and the amount of taxes, penalties and costs due, and appended thereto a notice that unless the taxes delinquent, together with the costs and penalties are paid, the real property upon which such taxes are a lien will be sold. This delinquent list and notice must be published once a week for three successive weeks in some newspaper.

At the time fixed in the notice of the sale of property if the amount of tax and dues thereon are not paid, the land is struck off and sold by the tax collector to the state. #### Taxes.

Payable in one or two installments on or before the last day of January and July, annually. Delin-

quent February and August 1, annually.

Property owned and held in any county on the first day of May in each and any year shall be subject to tax assessment for such year. The state pays no part of the expenses incurred in the collection of taxes. A mortgagee may protect his interests by the payment of taxes on the mortgaged property, and reclaim the same with twenty-five per cent per annum. Such payment with twenty-five per cent per annum. Such payment of tax is an additional lieu upon the mortgaged property. Premptions and homestead entries are taxable before patent issued and if located before first of May are taxable for that year. Taxes may be paid one-half in January and one-half in July in each year. Where there is no agreement, on property purchased between December 31 and July 1, the grantee must pay the taxes, and where purchased between June 30 and January 1, the grantor must pay them. Property on which taxes remain unpaid is sold about October 1. on which taxes remain unpaid is sold about October 1. All taxes shall be due and payable one-half on or before the last day of January and the balance on or before the last day of July of the year following the one in which they are assessed. it is paid prior to August 1. On the first of August the unpaid taxes of the preceding year become delinquent and shall thereafter draw interest at the rate of 18 per cent per anum, but the treasurer shall continue to receive payment of the same with interest until the day of sale for taxes. The county treasurer is required by law, prior to the 20th day of August in each year, to make out a list of all lands and town lots subject to sale, with an accompanying notice stating that so much of each tract of land or town lots described in said list as may be necessary for that purpose will on a day specified thereafter, be sold by him at public auction at the county treasurer's office and charges thereton and for the taxes thereof charges against the owner for and personal property. Ditches and canals are exempt from taxation when they are used exclusively by the owners or stockholders, but are subject to taxation when water is sold therefrom to consumers. Mining claims are taxable. The assessment of mining claims is based on the gross proceeds and is not to exceed one-fifth of the value of such gross proceeds, provided the value of the mining claims is over one thousand dollars. It is the duty of the town, city and county treasurers to mail notice to each person from whom taxes are due. The treasurer issues his certificate of sale to the purchaser of property at a tax sale. Such certificate of sale is assignable, and by 1899 law draws 24 per cent per annum interest for first six months, 18 per cent second six months and 12 per cent remaining period. Prior to 1899 tax certificates drew 36 per cent first six months, 30 per cent second six months and 24 per cent thereafter. Purchasers may pay subsequent taxes. Land may be redeemed from such sale at any time within three years from date of sale, and at any time before the execution of the treasurer's deed, by the payment to the county treas-urer of the amount for which the land was sold, with interest thereon from the date of sile at the rate per cent per annum bid by purchaser at such sale not to exceed the rate of 24 per cent per annum for the first six months, 18 per cent per annum for the subsequent six months and the remaining period at the rate of 12 per cent per annum together with the amount of all taxes accruing on said real estate after the sale paid by the purchaser and endorsed on his certificate of purchase with interest thereon at the rate of 12 per cent per annum on such taxes paid subsequent to such sale. Provided that from the time when the purchaser is entitled to a deed such taxes shall bear interest at 8 per cent per annum and no more up to the time of applying for said deed. After such three years, purchaser may have a deed from the treasurer which shall be prima facie evidence of the regularity of the treasurer's act in that behalf. Deeds issued on sales for special improvements instead of general taxes are not prima facie evidence of regularity of proceedings, but the holder of deed must prove regularity of proceedings in such cases. Taxes are a perpetual lien upon real estate and per-

sonal property until paid. Mortgagee may pay de-linquent taxes or redeem as aforesaid, and in foreclosure suits recover judgement for the amount with interest at 25 per cent per annum. #### LAWS OF CONNECTICUT

#### Relative To

#### TAXES AND CONVEYANCES.

Prepared expressly for Montgomery's Real Estate and Legal Directory, July 1st, 1907, by Henry C. Stevenson, Attorney at Law, 83 Fairfield Avenue, Bridgeport, Conn.

#### Taxes.

On or before October 15th of each year the assessors of each town are required to give notice requiring all persons liable to pay taxes to bring in lists under ooth, of the taxable property belonging to them on October 1st of the same year. Lists filled out are to be returned on or before November 1st, a separate description of each parcel of real estate being included. In the City of Bridgeport notice must be given on an before September 1st; and the lists are of property of the control of on or before September 1st; and the lists are of property owned on September 1st and must be filed on or before October 1st.

If the resident taxpayer neglects to return such list, assessors are required to make a list for him

and add ten percentum thereto.

Taxable property of non-residents is arranged by assessors in separate lists and valued by the assessors acording to the best information to be obtained.

When the assessors complete their lists, arranged in

alphabetical order, they must be lodged for public inspection in the town clerk's office on or before January 15th, except in towns of over 10,000 inhabitants where they are lodged in the town clerk's or assessors office

on or before January 31st.

All taxes are assessed as of October 1st (except in the City of Bridgeport where it is September 1st) and payable at various times, depending on the votes of each town, between March 1st and July 15th of the following year. As between grantor and grantee, if nothing is stated in the conveyance, the grantor in a deed dated after October 1st (in Bridgeport after September 1st) must pay the taxes. The grantee, however, must be prepared for the contingency of the grantor's default, for the taxes become a lien upon the real estate itself.

The rule of valuation is the present true and just value. Market value and not value at forced or auction sale is considered. In actual practice real estate is put in the tax list, as a general rule, at about three-quarters of the market value; in some towns as low as one-half; and in Bridgeport at full value. All land to be set in the list of the town where situ-

ated.

Collector gives notice by a newspaper advertisement of the time and place of payment of taxes. Taxes not paid within one month after same become due draw interest at the rate of nine percentum. The time set by the collector to receive them is the time when taxes become due.

If any person fail to pay taxes, the collector makes demand on such person, if a resident of the town, or leaves a written demand at his usual place of abode. If a non-resident of the town collector makes demand or deposits in the mail, postage prepaid, a written demand for such tax, addressed to last known address. After such demand, collector may levy on the taxable personality of such delinquent, as in executions, and in default of such personality he may enforce by levy and sale of any lien on real estate, or levy on body of delinquent.

Interest of any person in real estate which is legally set in his tax list, shall be subject to a lien for such taxes as are laid on such interest. Such lien shall exist from the first day of October of the year previous to that in which taxes become due until one year after taxes are due. While lien exists and before it is continued by certificate it is subject to levy and sale completed before its expiration. Collector may bring suit for foreclosure of tax liens. Court limits time for redemption or orders sale of property.

The mode of selling land for taxes is as follows, briefly: Collector makes duplicate notices of his levy of tax warrant, containing name of tax payer, amount of tax, description of property, and time and place of sale, one of which is posted on sign post and the other filed in town clerk's office not more than ten weeks, nor less than nine, before time of sale. He also publishes such notice at least once a week for three successive weeks in a town, or if none in the county, newspaper, beginning not more than ten nor less than nine weeks before time of sale.

He also mails a similar notice to the delinquent, and to any other persons who are interested. The sale is by public auction, and the collector sells enough of the estate to pay the tax and charges, and within one week after sale executes a deed to purchaser, which is lodged in the town clerk's office for one year unrecorded. If the delinquent or any other person interested in the estate, within the year pays or tenders to the purchaser the amount paid by him with interest at twelve per centum, the deed is delivered to to him, who, if not the person primarily liable for the tax shall have a claim against the person primarily liable for the tax, for the amount so paid. If purchase money and interest be not paid within the year, the deed shall be recorded and be of full effect.

the deed shall be recorded and be of full effect.

Collector may continue the tax lien by recording a certificate to that effect in the town clerk's office within the first year after tax becomes due, and thereon the lien shall continue, with interest at seven instead of nine per centum, until paid. No sale is good unless notice is given to encumbrancers by mail postage prepaid at least four weeks before sale.

## Conveyances.

All conveyances of land shall be in writing, sealed by the grantor, and subscribed with his own hand, or with his mark with his name thereto annexed, or by his attorney authorized for that purpose by a power executed and acknowledged in the manner provided for conveyances. The deed must be acknowledged by the grantor or by such attorney, to be his free act and deed.

Two witnesses are required to properly execute a deed of real property, but a deed defective in this particular is good to convey the equitable title, and a deed of land in Connecticut executed in another state in accordance with the laws of such state is valid. The word Seal or the letters "L. S." are sufficient as a seal.

A wife need not join in the conveyance of husband's property, as dower only attaches to that property of

which the husband dies siezed.

A wife married before April 20, 1877, cannot give good title in a conveyance of her own real estate unless her husband joins or unless the husband and wife, during marriage, enter into a written contract for the mutual abandonment of all rights in the property of each other, and the acceptance instead, of the rights given by statute to persons married after April 20, 1877. A wife married after April 20, 1877, may convey her own property without joining her husband.

Acknowledgements may be taken, if in the state, by a judge of a court of record, a clerk of the superior, common pleas, or district court, a justice of the peace, commissioner of the superior court, notary public (with or without official seal), town clerk or assistant town clerk; or if within any other state or territory of the U. S., before a commissioner of the state of Connecticut residing in such state or territory, or any officer of such state or territory authorized by local law to take the acknowledgement of deeds. But no officer shall have power to take such acknowledgement except within the territorial limits in which he may perform the proper duties of his office.

No conveyance shall be effectual to hold lands against any other person but the grantor and his heirs, unless recorded on the records of the town in

which the lands lie.

All conveyances of land of which the grantor is ousted by the entry and possession of another, unless made to the person in actual possession, shall be void.

The commission and oath of office of a notary public must be recorded by the clerk of the superior court in the county in which such notary resides. Any notary public may exercise his functions at any place in the state. It is not necessary for a notary public to state the date of expiration of his commission.

County taxes are assessed by the county commissioners of the respective counties each year about the months of May, June or July, on a basis of about 70 per cent of the actual market value of the property and are a lien thereon from the date of their levy. They are payable in one installment to the county treasurer or district collector, as the case may be, and become delinquent on January 1st next, succeeding their levy. From which date they bear interest at the rest. delinquent on January 1st next, succeeding their levy, from which date they bear interest at the rate of 6 per cent per annum. On all state taxes paid prior to September 1st, of the year for which they are levied, a discount of 5 per cent of the amount is allowed, on those paid prior to October 1st, a discount of 4 per cent is allowed and those paid prior to November 1st, a discount of 3 per cent is allowed. No discount is allowed on county taxes. On January 1st next succeding their levy, if taxes are still unpaid, collector will notify delinquents of the amount due and that thirty days thereafter he will proceed to collect same by distress or execution. He then levies upon the property of the delinquent and after giving twenty days notice of time and place of sale, by advertisement in at least one newspaper in the county or city where property is located and by a county or city where property is located and by a notice posted at the court house door, will sell the property at public auction to the highest bidder for cash. Twelve months from the date of sale are allowed in which to redeem property which may be done by paying into the circuit court, to be paid to the purchaser, the purchase price with interest thereon at the rate of 15 per cent per annum from date of sale. Due and payable between August 1, and January 1, annually. Delinquent January 1, annually.

If not paid on or before the last day of December a penalty of 1 per centum per month is added until paid. Taxes and penalties are liens upon the property assessed. All taxes remaining unpaid the first day of January, which were previously due and payable, are termed delinquent or back taxes, and payment of these is enforced by suit and sale of property as in ordinary actions. Such suits cannot be maintained, however, until the expiration of one year after the taxes become delinquent after the taxes become delinquent.

Deed issues to purchaser immediately following the sale, and no provision is made for the redemption of the property from tax sale after such deed is executed.

No action can be maintained to set aside any void tax deed unless the plaintiff shall offer to refund to the holder of the deed all taxes paid by the holder and interest.

In addition to the above, in all incorporated cities In addition to the above, in all incorporated cities there is a separate tax assessed to provide municipal revenue, payable to the city authorities. After the expiration of one year, this tax bears the same rate of interest as other taxes, and its collection when delinquent is made in the same manner. It is provided, however, that if by reason of claims or other unavoidable causes of delay the estate causet be settled within causes of delay, the estate cannot be settled within one year from the decease of the decedent, the probate court may extend the time of payment, and during the period of such extension, the tax shall bear interest at only six per cent. Such purchaser has his action over against the grantor. purchaser has his action over against the grantor, but such property may be taken and sold as against the owner after the expiration of such lien.

(INHERITANCE TAX).

A tax of five per cent. is imposed on all real and personal property passing by inheritance, will, or gift to take effect on the grantor's death, to any person in trust or otherwise, other than to or for the use of the father, mother, husband, widow, lineal descendant, brother, sister, adopted child, lineal descendant of any adopted child, wife, or widow of a son above the state of the state or husband of a daughter of a decedent, or to or for charitable, educational, or religious bodies in whose hands such property will be exempt by law from taxation, or to a city or town in this State for public purposes. The general laws of the state relating to taxation are contained in what is known as the "Tax Law," which was enacted in 1896.

This law applies generally to all parts of the state, except the City of New York, in which many of the provisions of the tax law are modified by the Greater New York charter, particularly as to time and mode of assessment and the time when taxes are payable.

Non-residents of the state doing business in the state are taxed on the capital invested in such business as personal property at the place where such business is carried on.

In the City of New York, the assessment rolls of

all real and personal property are made up between September 1st and December 1st. The rolls or tax books are open between the second Monday of Jan-uary and the 31st of March during which time ap-plications may be made to correct assessments. If not paid by January 15th, warrants for their collection will be issued, under which property may be levied upon.

In other parts of the state, outside of the City of New York, the assessment rolls are made up between May 1st and July 1st, and are open for correction from August 1st to the third Tuesday of August. Taxes are payable on or before February

15th following.

Corporations are taxable for state purposes, and are also taxable in the cities or towns in which they are located. The state tax is comparatively small and is based upon the rate of dividends paid, if any, or if not, upon the appraised value of capital stock.

# LAWS OF TEXAS Relative To TAXES AND CONVEYANCES.

Prepared expressly for Montgomery's Real Estate and Legal Directory, May 9, 1907, by Cobb & Avery, of Dallas, Texas.

#### Taxes.

Assessment is made during the spring months and is based upon the actual cash value of the property. Unless otherwise agreed, between grantor and grantee, taxes are a lien on property conveyed, beginning January 1st preceding the execution of the deed, and including all previous years. Taxes are payable to the Tax Collector, at the county seat of the county in which the land lies, in a lump sum, on the 1st day of October, annually. No discount is allowed for payment of taxes before any given date.

On February 1st of each year all unpaid taxes become delinquent and a penalty of 10 per cent is added. Property is not advertised and sold at auction, but regular suit in court is brought to collect delinquent taxes. Judgment is rendered and sale made by sheriff as in other cases where property is sold under execution. Sale may be made on the first Tuesday in any month at the court house door of the county wherein land lies, after giving notice for twenty days by publication in some newspaper published in the county where land lies.

At the time of the sale deed is made by the Sheriff and delivered to the purchaser but it does not vest absolute title for a period of two years during which time the original owner may redeem but if redemption is not made within this period, title becomes absolute.

#### Conveyances.

No witnesses or private seals are necessary.

Husband and wife must join in all conveyances fo the homestead and of the wife's separate property, but in all other instances the husband's signature is sufficient. There is no dower in this state.

## TAXES AND CONVEYANCES.

Prepared expressly for Montgomery's Real Estate and Legal Directory, May 23rd, 1907, by William H. Pratt, of Tacoma.

## Taxes.

Due and payable on the first Monday in February annually. Delinquent June 1, annually.

The fiscal year begins on the first day of April,

The fiscal year begins on the first day of April, and taxes are payable the succeeding year on real estate to the county treasurer, as follows: On or before the first day of February, after which they become delinquent and bear interest at the rate of 15 per cent, provided, however, if the taxes are equal to one dollar, one-half may be paid on or before the 31st day of May and the remainder will be extended without interest and may be paid on or before the 30th day of November following; but if the remaining half is not paid on or before the 30th day of November, then it becomes delinquent and bears interest at the rate of fifteen per cent per annum. A discount of the rate of fifteen per cent per annum. A discount of 3 per cent is allowed on taxes assessed against real estate if paid prior to March 15th of the year in which they are due and payable. After taxes on real estate are delinquent, the county treasurer is authorized to issue and sell certificates of such delinquency to anyone who desires to purchase the same, which certificates bear interest at the rate of fifteen per cent per annum. Certificates of delinquency are prima facie evidence that the property described was subject to taxation at the time the same was assessed; that the property was assessed as required by law; that the taxes or assessments were not paid at any time before the issuance of the certificate; and that such certificate shall have the same force and effect as a judgment execution and sale of and against the premises included therein." Three years after the first day of December next following the date of delinquency, the holder of the certificate is required to give notice to the owner of the property, that he will apply to the superior court of the county in which the property is situated for a judgment foreclosing the lien against the property mentioned; and the certificate holder is authorized to proceed by an action in court to foreclose his lien for the taxes and interest and have the property remains on the assessment roll for which no certificate of delinquency has been sold, evidence that the property described was subject to for which no certificate of delinquency has been sold, the treasurer is required to issue a certificate to the county or municipality entitled thereto, and deliver the certificate to the clerk of the county, and the same proceedings are to be had in the courts to obtain title as in the case of sale of the certificate to an individual.

Personal taxes become due and payable after thirty day's notice, given in February after the levy of taxes, and if not paid at the expiration of thirty days, the treasurer is authorized to distrain the personal property and sell the same for the payment of the taxes.

Anyone owning real estate in the county may notify the treasurer to charge his personal taxes to his real estate, and can then pay the same at the same time and same manner as he pays his taxes on his real estate. The treasurer also has the right to charge the personal taxes to the real estate of the party who owes the personal taxes, on the assessment roll, and thus make the personal taxes a lien on the realty.

Prepared expressly for Montgomery's Real Estate and Legal Directory, June 1st, 1907, by Williams, Scott and Lovett, of Huntington.

#### Taxes.

The assessment of taxes begins April 1st annually, and should be completed by June 20th. All property shall be assessed at its true and actual value, that is to say, at the price at which such property would sell if voluntarily offered for sale by the owner thereof, upon such terms as such property, the value thereof, upon such terms as such property, the value of which is sought to be ascertained, is usually sold, and not the price which might be realized if such property was sold at a forced sale. A special assessment of real estate has been made for the years 1906, 1907 and 1908, and the values thereby ascertained will be used for purposes of taxation till the year 1909; beginning with the year 1909, all real estate, as well as personal property, will be assessed annually at the true and actual value, as aforesaid. As between the grantor and grantee, taxes on real estate are a lien as of the first day of April of each year.

year.

The sheriff is directed to commence the collection yearly on August 1st, or as soon thereafter as he receives copies of the land and personal property books. In practice the collection usually begins about October 1st. While the sheriff, as ex-officio treasurer, is directed to collect, no demand for taxes is necessary, and it is the duty of every person subject to taxation to attend to the assessment and payment of taxes within the time limited by law. They are payable at one time, and no provision is made for payment by installments.

The sheriff is ex-officio treasurer of the county,

The sheriff is ex-officio treasurer of the county, and of all school districts therein, and to him all state, county and district taxes must be paid.

A discount of two and one-half per centum is made

when taxes are paid on or before the last day of

November.

They are returned delinquent on or before the first Monday in June of the year succeeding the year for which they are assessed, with interest added at the rate of twelve per centum until they are paid. If real estate is redeemed after it is returned delinquent; interest will be added at the rate of twelve per centum per annum, and when redeemed after a sale, a commission of five per centum to the sheriff, costs of sale, and such taxes as may have been paid thereon by the purchaser, with interest on the same, will be added. Before it is returned delinquent, notice is given by publication for two weeks in two powers and publication for two weeks in two newspapers, and posting at the front door of the court house.

On or before November 1st in each year, the auditor of state certifies to the sheriff of every county the of state certifies to the sheriff of every county the real estate delinquent for non-payment of taxes in any previous year. A deed may be made to the purchaser of land sold by the sheriff for taxes, after the expiration

of one year from the sale, by the clerk of the county

court.

Title becomes absolute after the expiration of one year after the sale, subject to the saving as to per-

sons under disability.

When the state is the purchaser, title vests absolutely at the expiration of one year, but the land must be sold by the state in a suit in equity instituted by the commissioner of school lands for the county, and at any time before a final decree in that suit, the former owner may redeem.

#### Conveyances.

A signature to a deed need not be witnessed. A deed must be executed under seal, and the seal of a natural person may be made by affixing to the signature a scroll, or adopting as a seal any scroll, written, printed or engraved on the paper by another. A wife must join in a conveyance of real estate of the husband, in order to release her right of dower therein. A husband conveys his right to courtesy by pining with the wife in the conveyance and a deed

joining with the wife in the conveyance, and a deed by a married woman to her real estate is void un-

less the husband joins.

A married woman living separate and apart from her husband, or having a husband who is non compos mentis, may convey real estate which is her sole and separate property, if such facts be recited in the deed, and if it is proven to the satisfaction of the officer taking the acknowledgement that it is her

sole and separate property, and she is living separate and apart from her husband, or that her husband is non compos mentis, and it is stated in the certificate of such acknowledgement that all of said facts were shown to the satisfaction of the person taking the

same.

The acknowledgement of the wife may be taken together with or separately from her husband. If both acknowledge the writing at the same time, the certificate shall be used as hereafter shown, and if she acknowledge it separately, the same certificate shall be used, except that in lieu of the words between the stars, the words should be, "do certify that ....., the wife of ......" When the acknowledgement of a married woman has been so taken and certified, the writing operates to convey her dower in the real estate embraced in the writing and all interest of every sort therein.

The following form of acknowledgement is prescribed by the code when husband and wife acknowledge a deed of conveyance jointly:

State (territory or district) of ..... County

Given under my hand (if without the state, add "and official seal") this ..... day of .....

The certificate of acknowledgement of a corporation or joint stock association should be in form or effect as prescribed in the form of husband and wife down to the first star, and then as follows: "do certify that ..... personally appeared before me in my said ..... and being duly sworn (or affirmed), did depose and say that he is the president (or other officer or agent) of the corporation (or association) described in the writing above (or hereto annexed), bearing date the ..... day of ..., authorized by said corporation (or association) to execute and acknowledge deeds and other writings of said corporation, or association, and that the seal affixed to said writing is the corporate seal of said corporation, for the seal of the said association, as the said corporation, or association, and that the seal affixed to said writing is the corporate seal of said corporation (or the seal of the said association, as the case may be), and that the said writing was signed and sealed by him in behalf of said corporation (or association) by its authority duly given. And the said ...... acknowledged the said writing to be the act and deed of said corporation (or association)."

Acknowledgements are taken before a justice, notary public, recorder, prothonatary or clerk of any court within the United States, or commissioner appointed by the governor of this state. When executed without the United States, they may be taken before a commissioner, minister plenipotentiary, charge d'affaires, consul general, consul, deputy consul, vice-consul, consular agent, vice-consular agent, commer-

consul, consular agent, vice-consular agent, commer-

cial agent or vice-commercial agent appointed by the government of the United States to any foreign country, or the proper officer of any court of such country, or mayor or other chief magistrate of any city, town or corporation, and certified under the official seal of any such person. If an acknowledgement be before a notary without the state, he shall certify the same under his official seal.

A deed is necessary to convey real estate or any interest therein for more than five years. It must be acknowledged in order to be recorded, and is void as to creditors and subsequent purchasers, for valuable consideration without notice, until duly admit-

uable consideration without notice, until duly admitted to record in the county in which the real estate embraced in the deed lies.

It is not necessary that a notary public, certifying an acknowledgement within this state, shall state in his certificate the date of expiration of his com-mission; nor is it necessary that a notary public in another state, so far as the law of West Virginia is concerned, when certifying acknowledgements to be used in West Virginia, shall state in his certificate the date of expiration of his commission, unless the law of the state in which the acknowledgement is taken requires him so to do.

#### GRAIN WEIGHTS, MEASURES, ETC.

WEIGHTS OF GRAIN.—Following are the commercial weights per bushel in general use in this country. The legal weights in some cases differ from the figures here given, but in business such variations are usually disregarded. To avoid such cases of misunderstanding, and for greater convenience of computation, the "central system"—i. e., the quotation of prices by the

HAY MEASURE.—About 500 cubic feet of well settled hay, or about 700 of new mown hay, will make a ton. To estimate amount of hay in mow—ten cubic yards of meadow hay weigh a ton. When the hay is taken out of old stacks, 8 or 9 yards will make a ton. Eleven or twelve cubic yards of clover, when dry, make a ton.

#### GRAIN MEASURE.

The standard U. S. bushel is the "Winchester bushel," which is in cylinder form, 18½ inches in diameter and 8 inches deep. It contains 2150.4 cubic inches. TO FIND THE QUANTITY OF GRAIN ANY BIN WILL HOLD. Rule.—Multiply the height, length and breadth together in inches and divide by 2150.4; the quotient will be the number of bushels.

be the number of bushels.

Multiply length, breadth and height in feet together; multiply this by 45 and divide by 56; or, to simplify: multiply by 4 and divide by 5. Example.—A bin 16 feet long, 8 feet wide and 14 feet high will hold how many bushels?

16x8x4=1792.

1792x45=80640.

80640.55=1440. Apr. 1440. Bushels SHORT BUT ACCURATE RULE FOR SAME.

 $80640 \div \overline{56} = 1440$ . Ans. 1440 Bushels.

TO FIND THE QUANTITY OF GRAIN WHEN HEAPED ON THE FLOOR IN THE SHAPE OF A CONE.

Rule.—Square the depth and square the slant height in inches. Take their difference and multiply by depth and this product by .0005. The result will be the contents in bushels.

The following is excellent for finding the interest on any principal for any number of days. When the principal contains cents, point off four places from the right of the result to express the interest in dollars and cents. When the principal contains dollars only,

point off two places:

# FARM LOANS

More money is being invested in Farm loans at present than ever before.

The Loan Agent to compete successfully finds a DIRECT connection for cheap and elastic funds imperative. Moneys obtained through a middle man leave no profit and the funds of the large life insurance companies, while cheap, are surrounded with too many restrictions and red tape to be desirable.

The funds of savings banks, large private investors, and holders of trust funds control the best farm loan business today.

"Bonds and Mortgages," Chicago, is the oldest farm loan publication in this country and reaches the best class of buyers of these securities whose confidence it enjoys. A number of its subscribers invest from \$100,000 to \$500,000 annually in farm mortgages. It claims to offer the quickest and most effective introduction to the best buyers of farm loans in this country.
